3. **UC Shared Content Leadership Group (SCLG) & Scholarly Communications CKG - two potential topics of overlap:**

      i. Ex. from UCSD: create webinar from local speakers to add more value/flexibility to increase participation at events
      ii. Ex. UCI has been asked for more formal plan for 2017 open access week. UCI will have Heather Joseph speak.
      iii. Attendees generally seek local flavor--question of what joint programs would like and how we can still honor campus preferences.
      iv. UCLA: cross campus collaboration good idea; potential to spread efforts of booking big names and sharing these presentations to remote audiences
      v. Potential to time shift presentations with webinar/video option.
      vi. Ex. Can share something like promotional video created for OA week from Merced: https://www.youtube.com/watch?v=8hxKH3-42U0

   c. Everyone will be added to be able to login and evaluate documents
