

# 2018-06-28 Meeting notes

## Date

28 Jun 2018

## Attendees

- [Kathryn Stine](#)
- [Lucia Orlando](#)
- [Jennifer Chan](#)
- [Ednar Segura](#)
- [Julie Lefevre](#)
- [Eric Milenkiewicz](#)
- [Lucia Orlando](#)

## Goals

- Connect UC librarians working with web archiving
- Establish membership, communication channels, meeting times
- Start identifying shared interests and common concerns as topics for future meetings
- Affirm and/or update the Web Archiving CKG charter

## Discussion items

Time	Item	Who	Notes
10-15 minutes	Introductions (+ snapshot of campus web archiving activities)		<p>Jennifer Chan - UCLA, Scholarly Communication, working with Archive-It</p> <p>Ednar Sugar - UCLA, Digitization Coordinator, working with Archive-It</p> <p>Pete Broadwell - UCLA, DLP - web archiving in response to faculty projects, needs; working with Rosalie Lack to explore features of web archive collections</p> <p>Julie LeFevre - UCB, IGS, Digital Services Librarian, harvesting born dig gov docs (had been using CONTENTdm, but sunsetted), CA.gov using Archive-It</p> <p>Eric Milenkiewicz - UCR, Digital Initiatives, Web archiving from spec coll to dig initiatives, mostly in content of UA, want to document and develop strategy, collecting focus</p> <p>Lucia Orlando - UCSC, Gov Docs, work on CA.gov, local and regional info captures not much recently, but want to get back in that groove</p>
15-20 minutes	Brainstorm on goals for the CKG, future meeting topics <ul style="list-style-type: none"> <li>▪ Best practices for web archiving: metadata, crawling, etc.</li> <li>▪ Collaborative collection development: Cobweb, CA.gov, others?</li> <li>▪ Outreach: understanding /supporting use of web archives, advocacy</li> <li>▪ Web archiving capture tools: Archive-It (now including Brozzler), webrecorder.io, Doc Now, others?</li> <li>▪ Opportunities...</li> </ul>		<p>EM: List looks good.</p> <p>JL: Collaborative collection development.</p> <p>LO: Collaboration, also in the context of Archive-It for managing subscriptions, maybe de-duping collections/comparing seedlists? Open to collaborative initiatives.</p> <p>EM: Topical collaboration could be good. For example, sci-fi physical collections, agriculture collections (at UCR: citrus for inland empire). (LO: notes gov based ag reports are part of UCSC colls) a unified portal could be useful.</p> <p>KS: <a href="#">Cobweb</a> is a collaborative collection development tool that CDL, UCLA, and Harvard are developing together - it's great to hear about the potential for identifying collecting topics we may have in common or in complement that could serve as the basis for collaboration. <b>ACTION:</b> KS stand up a "snapshot" table on the wiki to document current campus collection strengths and aspirations, as well as tools they use, expertise, staffing (where, who, students?), whether they're doing social media archiving?</p> <p>LO: This could help with identifying gaps, collection focus that we're missing.</p> <p>Possible future agenda topic: What could a built out web archiving program look like?</p> <p>PB: Sharing knowledge/expertise with tools, also social media tools and indexing/data mining. Can tools tell us nature of content as crawling?</p> <p>EM: Social media archiving at UCR: Bergis Jules UCR University Archivist collecting/curating tweet datasets via DocNow tool. NB: social media archiving is different from traditional web archiving.</p> <p>JC: UCLA does some social media archiving, international in scope and using Archive-It.</p> <p>KS, PB to share on Cobweb at a future meeting. JL, LO, KS to share CA.gov at a future meeting.</p>
10 minutes	Review <a href="#">Web Archiving CKG charter</a>		<p>EM: 2. Key expectations - maybe not call out a specific tool (Archive-It), call out several "including...". If add social media, call out the distinctions between the two (for example: <a href="https://gwu-libraries.github.io/sfm-ui/posts/2017-12-13-web-social-media-archiving">https://gwu-libraries.github.io/sfm-ui/posts/2017-12-13-web-social-media-archiving</a>).</p> <p><b>ACTION:</b> KS to share out the charter as google doc so that folks can comment/edit before the next meeting</p>

10 minutes	Administrivia (membership, communication channels, regular meeting time, etc.)	<p><b>ACTION:</b> KS to firm up membership roster and set up listserv.</p> <p>Meet again in 2-3 weeks - tentatively on 7/19. Thursdays at 10am are good for those on the call today, need to confirm with the others who weren't able to make it.</p>
5 minutes	Next steps	<p>For the next meeting: 1) Add entry for your campus in the "snapshot" table and 2) Review/comment on/edit the WACKG charter.</p>

## Action items
