

# Triton / Public Release Review Meeting 9/1/15

## Agenda:

- Walk through requirements (essential)
- Walk through requirements (additional)
- Determine remaining tweaks, fixes, re-harvest, etc. for public launch

## Prioritization criteria

- Is it flat-out broken?
- Is the UX so problematic that it prevents access to items?
- Does it affect a large amount of items or collections?
- Is the fix sustainable?
