### 5. RSC Voucher - Gold For Gold Program (Jackie)

Update on 2015 Gold for Gold voucher program from RSC. Divided up various ways historically (by campus, by contribution). This year there will be 145. Potential proposal for 2015 that vouchers be held centrally by CDL and distributed by request.

Preference for RSC to automatically apply vouchers to first 145 UC authors. CDL will raise during subscription renewal process.

Jackie to contact Chemistry Librarians directly for input.
